Welcome To Our Adult Social Day Program...

where attendees are treated like family. Personal choice and self-sufficiency are encouraged by our team of professionals who provide care and support in a secure, comfortable environment. Our focus is to create opportunities that nurture the cognitive, physical, emotional, and spiritual well-being of each program participant, while also providing a real respite for the caregiver at home.

The social center of our program is a well-appointed, 3,000-square-foot, fully handicapped-accessible facility equipped with a state-of-the-art kitchen, a technology center, movie theater, and even laundry facilities for personal use. Everything is on one floor, so members can move easily between large group areas and smaller areas designated for more individualized attention.

© The Experiences

Those who attend our program enjoy the activities they love! A robust schedule of cognitive and physical activities throughout the day fosters optimal well-being, and can decrease, delay, or prevent functional decline. Our high staff-to-attendee ratio means every participant has our undivided attention.

Here's just a glimpse of some of the activities our attendees enjoy...

- Day Trips & "Armchair Travel"
- Arts & Crafts
- Mixers & Birthday Celebrations
- Guest Speakers

- Music & Dance Classes
- Movie & Sports Screenings
- Traditional & Digital Gaming
- A Lending Library

We also have personal care & grooming opportunities available, including a full-service nail salon!

© Fine Dining

Our Social Day Program Café provides both tableside and family-style hot lunch and snack options daily, and our attendee-driven Food Committee helps to plan our menus.

Q Your Place. Your Say.

We take feedback and suggestions from our attendees and their families very seriously. Attendees are encouraged to serve on planning committees which affect changes in everything from menus and activities to the décor. Our attendees also form clubs to more deeply explore their similar interests, including both a walking club and a cooking club, the latter whose members regularly prepare snacks and meals for the group to share.

C Updates & Support

We share regular updates about what's happening day to day, and include relevant information on healthcare topics that can affect the elderly population. Join our monthly caregiver meetings to deepen your involvement and understanding, or consider a peer-run group to help with continuation of in-home care.

FACILITY & PROGRAM HOURS

Daily hours can vary from 8 a.m. to 5 p.m.

Early arrival and late departure options are available by special arrangement. Transportation arrangements can be made to and from the program.
