

YOUR EVERCARE CHOICE CARE TEAM VISITS YOU IN YOUR HOME.

Once you enroll in EverCare Choice, you will have your own Care Manager- a registered nurse - who will visit you in your home and develop a personalized plan of care, just for you. Your Care Manager and our EverCare Choice Care Team of health professionals will coordinate the services you need to manage your care and help you live safely at home.

How do I enroll in EverCare Choice?

If you or someone you know is interested in becoming a member of EverCare Choice, **there are three easy steps to follow:**

2. Once your initial eligibility is established, an EverCare Choice nurse will visit you in your home to learn more about your needs, discuss the program, and present your initial service plan outlining the services you need determining appropriate services.
3. If you agree with the service plan and wish to enroll, we will submit your application to NY Medicaid Choice on your behalf. In most cases, your membership will become effective on the first day of the month after NY Medicaid Choice approves your application.
